TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Peterborough, in the County of Hillsborough, in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Town of Peterborough on Tuesday, the tenth of March next at eight of the clock in the forenoon, (Polls close at 6:00 P.M., unless otherwise voted), to act upon the following subjects:

Article 1. To choose all necessary Town Officers for the year ensuing, and for the Election of Delegates at Large, Alternate Delegates at Large, Delegates and Alternate Delegates to the National Convention and to choose Delegates to the Constitutional Convention.

Article 1.A. To vote on the question "Shall sweepstake tickets be sold in this city or town?"

Article 2. To raise and appropriate such sums of money as may be necessary for Town Officers' Salaries, Expenses, and Election and Registration, Municipal Court, Town House, Police Department, Fire Department, Civilian Defense, Care of Trees, Health Department, Town Dump, Vitals, for laying out and repairing of the Highways, Street Lighting, Old Age Assistance and Town Poor, Memorial Day, Adams Playground and Pool, Putnam Park, Cemetery, Town Library, Town Water Charge, Monadnock Region, Town Planning Board, and for any other charge arising within the Town.

Article 3. To see what sums of money the Town will vote to raise and appropriate toward paying the Town Debt and Interest.

Article 4. To see if the Town will vote to accept legacies and gifts to the Town in trust or otherwise by any individual or individuals.

Article 5. To hear the reports of Agents, Auditors and Committees or Officers heretofore chosen and to pass any vote relating thereto.

Article 6. To see if the Town will authorize the Selectmen to purchase a new LaFrance Fire Truck and to pay for same by taking the balance of the Fire Department Capital Reserve and to vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000.00) and the balance to be paid by three yearly notes.

Article 7. To see what sum of money the Town will vote to raise and appropriate for the purchase of the following Fire Department Equipment, or take any other action relating thereto:

15 Insulated Coats for the Firemen.

3300 Watt Generator for the use with smoke ejector to be plugged into LaFrance Fire Truck.

Article 8. To see if the Town will vote to appropriate a sum of money from the income of the Albert W. Noone Trust Fund to build and equip a baseball field at Adams Playground for the Pee Wee Baseball League. The proposed field will be dedicated to the memory of our late Chief of Police, Albert J. Picard, and to be known as Picard Field.

Article 9. To see what sum of money the Town will vote to raise and appropriate for the improvement of the drainage system and rebuild Grove Street from railroad crossing to iron bridge, or take any other action relating thereto.

Article 10. To see what sum of money the Town will vote to raise and appropriate, the Town's share for rebuilding Bridge #162/170 on the Greenfield Road, or take any other action relating thereto.

Article 11. To see what sum of money the Town will vote to raise and appropriate to rebuild the Condy Road Bridge, or take any other action relating thereto.

Article 12. To see what sum of money the Town will vote to raise and appropriate for installing a new deck and abutments to the Old Greenfield Road Bridge, or take any other action relating thereto.

Article 13. To see if the Town will vote to raise and appropriate the sum of Eleven Hundred Sixty-Five Dollars and Thirty-Six cents (\$1,165.36) provided the State gives Seventy-Seven Hundred and Sixty-Nine Dollars and Four Cents (\$7,769.04) for the construction of Class IV and V Highways.

Article 14. To see if the Town will vote to authorize the Selectmen to purchase a new Police Cruiser and exchange the present one and raise and appropriate a sum of money to pay for same, or take any other action relating thereto.

Article 15. To see if the Town will vote to authorize the Selectmen to file in behalf of the Town an application (in form and manner required by the United States, and in conformity with P. L. 560, 63rd Congress as amended by P. L. 345, 84th Congress) and do whatever else may be required to obtain an advance of Ten Thousand Dollars (\$10,000.00) to be made by the United States to the Town of Peterborough to aid in defraying the cost of test well exploration engineering investigation, report and preliminary plans for improvements to the water supply and distribution system of the Town of Peterborough.

Article 16. To see if the Town will vote to have the Selectmen appoint the Highway Agent beginning March 9, 1965 instead of by ballot, or take any other action relating thereto.

Article 17. To see if the Town will vote to install or replace the following street lights and raise the appropriate money for the same, or take any other action relating thereto:

- A) 3 new 1000 L. lights on Evans Road.
- B) 2 new 1000 L. lights, one on corner of Central and Oak Streets, one on corner of Winter and Laurel Streets.
- C) 3 new 3500 L. lights on Elm Street between Low property and Route 101 by-pass.
- D) 1 new 3500 L. light at the corner of Old Dublin Road and Elm Street.
- E) 1 replacement, 7000 L. light at corner of Look Out Hill Road and Wilton Road.
- F) 1 replacement, 3500 L. light at the corner of Elm Street and Evans Road.

Article 18. To see if the Town will vote to replace the following Street lights and raise and appropriate money for the same, or take any other action relating thereto:

From the corner of Main and Grove Streets to the Grove Street Bridge, eight 11,000 L. lights including standards and underground wiring for the same.

Article 19. To see what sum of money the Town will vote to raise and appropriate to install a new concrete floor and reinforcements to the floor at the Fire Station, or take any other action relating thereto.

Article 20. To see if the Town will vote to raise and appropriate the sum of Nine Hundred and Sixty-Five Dollars (\$965.00) to repair bookshelves in the Library, and to replace shrubs and repair the lawn around the Library, or take any other action relating thereto.

Article 21. To see what sum of money the Town will vote to raise and appropriate for the resurfacing of Cheney Ave., or take any other action relating thereto.

Article 22. To see what sum of money the Town will vote to raise and appropriate for the painting of the offices and the exterior of the Town House, or take any other action relating thereto.

Article 23. To see if the Town will vote to officially name one or more of its "new streets."

Article 24. To see what sum of money the Town will vote to raise and appropriate to pay the Salaries of the Justice, Associate Justice and Clerk of the Peterborough District Court.

Article 25. To see if the Town will authorize the Selectmen to review and set the pay scale of all Town Employees to be effective upon passage.

Article 26. To see what sum of money the Town will vote to authorize the Selectmen and the Town Treasurer to borrow in anticipation of collection of taxes for the current Municipal Year, and to issue in the name and on the credit of the Town, negotiable notes therefore, said notes to be paid in the current Municipal Year from taxes collected during the current Municipal Year.

Article 27. To transact any other business that may legally come before this meeting.

Given under our hands and seal this twenty-fourth day of February, in the year of our Lord Nineteen Hundred Sixty-Four.

Edward J. Lobacki

BUDGET COMMITTEE REPORT, 1964

The Budget Committee has met with the Selectmen, the school board, and representatives of various town committees and departments to consider the 1964 budget requests. As in the past, the Committee's prime concern has been to assure the best use of the tax dollar. Because of pressing capital needs it is absolutely essential that both town and school operating budgets be held to reasonable levels.

In the immediate future, capital expenditures will be required for school expansion, increased water reserves, improved water distribution, and sewage disposal. Only with the most economical use of funds will it be possible to maintain a moderate tax rate.

Due to the increased valuation of the town, it is felt that the need for a capital reserve, as it has applied to the Fire Department, Police Department, Highway Department, and Playground is no longer required. When the capital reserve system was started, a \$7,000 appropriation raised the tax rate \$1, whereas today it takes \$15,000 to cause the same increase, so that the purpose of tax rate stabilization is not as effective.

TOWN BUDGET

The Budget Committee approves of a base budget of \$139,670.84 for the year 1964.

This is up \$6,457.11 from last year, and is due basically to the following items:

Town Officers — up \$2,500.00 to \$18,500.00 this year due to an extra election and the printing of the tax books and the invoice of property this year.

Municipal Court — up \$800.00 to \$1600.00 this year, due to a state law regulating the salaries of the judge, assistant judge, and clerk.

Police Department — a \$540.00 increase here to \$20,540.00 for the special officer directing traffic and school children twice daily at top of Main Street hill.

Sidewalks — up \$1,000.00 to \$2,000.00 to allow for re-surfacing some sidewalks that need repairs badly.

Library — up \$6,500.00 from \$5,100.00 last year. In 1962 the appropriation was \$6,500.00. Last year, the trustees had a sufficient balance on hand that only \$5,100.00 was requested. This balance has since been spent and again an appropriation of \$6,500.00 is in order.

Planning Board — up \$600.00 to \$1,100.00 to cover the costs of surveying, printing town map and directories.

It is expected that \$400.00 of this will be returned from sales of the town directory.

TOWN SPECIAL ARTICLES

The Budget Committee approves of the following Social Articles which call for \$25,158.41 to be raised this year, an increase of \$5,278.41 over last year.

Library — \$965.00 of which \$665.00 is needed for repair of bookshelves and \$300.00 for repairs to the grounds around the Library.

Bridges — \$8,830.00 of which \$6,500.00 is to be used with twice that of State funds for rebuilding bridge #162/170 on Greenfield Road and \$1,400.00 and \$930.00 respectively for repairs to town bridges on the Old Greenfield Road and Condry Hill Road.

Cheney Ave. — \$2,750.00 for rebuilding and resurfacing.

Off Grove Street — (Basket Shop Road) — \$1,000.00 for resurfacing from Grove Street to the River bridge.

Fire House Floor — \$3,500.00 will be needed to fill in under approximately two-thirds of the present fire house floor with gravel and then lay a concrete slab over this. The present floor is considered unsafe now.

Coats and Generator — \$640.25 (\$440.25 and \$200.00) for needed fire equipment.

Police Cruiser — \$800.00. With some 40,000 miles being put on the cruiser yearly, the Budget Committee feels that a yearly trade will prevent large repair bills during the second year.

Fire Truck — The Budget Committee appreciates the need of a new fire truck and approves the purchase of the American LaFrance truck that the firemen request, because this investment, coupled with present equipment will eliminate the need for any major capital outlay for 20 years. The truck costs \$23,400.00 and with \$10,654.00 in their capital reserve fund, it will be necessary to raise \$12,746.00.

It has been suggested that the town raise \$4,000.00 now, borrow the additional, and pay this by raising \$3,000.00 yearly for the next three years. We feel that this is a satisfactory arrangement.

Paint Town House and Redecorate Town Offices — \$2,500.00. This painting is now one year overdue and is needed to prevent rotting of the wooden parts of the building

Street Lights, New and Replacements — \$173.16. It would appear that the recommendations of the Planning Board are sound and we approve of them.

Grove Street Light — The Planning Board has recommended the placing of steel standards on the inside of the sidewalk with 11,000 lumen mercury fixtures to replace the present standards. The additional power charge to the town is to be \$21.00 for 6 months, along with a \$68.88 monthly payment for 60 payments to pay for the standards, wire, labor, etc. The capital expense on this basis is \$4,132.00. The Budget Committee, at this time, cannot approve of this article because of the following three arguments:

1. The expense involved.
2. This article, in about its same form, was turned down two years ago by the town, because the present illumination was considered adequate, and it was desired to preserve the Colonial atmosphere.
3. It would seem that it might be wise to wait on this until the results of the new town water study are known and the question of town sewerage have been absolved. To tear up the streets and/or sidewalks now when they may have to be done again later will be a waste of money.

SCHOOL BUDGET

The school budget is the major burden of the property tax. This year the town is being asked to raise by taxation, approximately \$364,000.00 for operating purposes, an increase of \$21,000.00 over last year's budget. The bulk of this increase can be attributed to salaries which are \$38,778.00 higher this year — because of the addition of three teachers (two already employed) and third year implementation of the three-year pay schedule voted two years ago. All other items are either materially the same or lower.

In addition higher tuition revenue is to be anticipated.

The School Board is to be commended on its institution of contract negotiations with the tuition towns. This will permit the charging of tuition higher than the State average plus a charge for use of facilities, present or future.

Under special articles, the Board is requesting \$1,500.00 to be added to the capital reserve to provide a Language Lab. in several years time. The Budget Committee does not recommend this since half of the necessary funds (\$3,000.00) was provided last year and the balance can

be provided when the laboratory is needed, and since there is no room at the present for such a laboratory.

All other special articles are concerned with school expansion. To date, only two have been discussed with the Budget Committee.

We recommend the first which requests that \$2,500.00, appropriated last year for the purchase of options on possible new school sites, be re-appropriated to cover engineering and survey costs of land appraisal.

The second requests \$5,000.00 to permit preparation of preliminary building plans and specifications and is recommended, if, the District votes to proceed with the school expansion plans.

At this writing, final details are not available concerning possible land acquisition for new school construction. When the School Board makes their recommendation, the Budget Committee will be able to comment on the appropriation requested.

Respectfully submitted,

Donald Fritz, Chairman

PETERBOROUGH WATER WORKS

December 31, 1963

We respectfully submit the report of the Water Department for the year ending December 31, 1963.

New Service Lines Installed 26
(16 of these at North Peterborough Pine Ridge Development, only one of which is in use.)

New Mains (Paid by Developer):

600' of 6" and 1,000 of 8" Cast Iron Cement Lined Mechanical Joint Pipe at North Peterborough, Pine Ridge Development.

500' of 6" Cast Iron Lined Mechanical Joint Pipe at Riverdale, plus 1 private hydrant.

265' of 6" Cast Iron Lined Mechanical Joint Pipe at LaRoches, Elm Street Motel.

Fire Hydrants:

2 replaced on Elm Street

3 new Town hydrants and 1 private one at Riverdale mentioned above.

Breaks Repaired During Year:

2 4" mains (Summer St. and North Peterborough)

6 Frozen Water Lines

8 Broken Goose Necks

Breaks repaired at Bridge St., South Peterborough, Main St., Vale St., "The Needles" Kauffman Drive and the Veterans of Foreign Wars.

Moved back 2 hydrants, Vale St.

771 Commercial Users and 11 Industrial

REPORT OF THE PETERBOROUGH WATER STUDY COMMITTEE

During the last year, the Peterborough Water Study Committee activities primarily consisted of meeting with the Water Commissioners and discussing various aspects of the Peterborough Water System. This Committee unanimously endorses the plan of the Water Commissioners to have a complete engineering study of the Peterborough Water System and Supply to be made this year.

Earlier in the year this Committee was asked by the Water Commissioners to study and discuss with the owners of the property around Cunningham Pond as to whether the town could negotiate to buy this land. However in view of the above engineering study to be made, it was the opinion of this Committee that any action in this area be delayed until after the engineering study is made.

The problems of water supply to the hospital and to North Peterborough were discussed with the Water Commissioners and again, in view of the above engineering study, it was decided to delay any action until after this study has been made.

Several suggestions regarding changes in the Water Rules and Regulations were given to the Selectmen for consideration.

The Committee would also like to report that water usage in 1963 increased 10% over that used in 1962, and 1962 had a similar increase over 1961. At this rate of increase each year, water usage will double in seven years.

Respectfully submitted

R. H. Cherwin, Chairman

F. C. Mercer

A. Edward Rowse

LIBRARIAN'S REPORT FOR THE PETERBOROUGH TOWN LIBRARY

To the Trustees of the Peterborough Town Library:

It is a pleasure to present this encouraging progress report concerning the Peterborough Town Library for the year 1963. We assure you the report pertains not only to the mechanical process of stamping books out and checking volumes in, but also it will touch upon the cultural services we have tried to extend to the town as well as the services and thoughtfulness which the members of the community have extended to the library!

In 1940 Mr. Lincoln Lounsbury was requested to occupy the unexpired term created by the death of library trustee, Mr. Eben Jones. In 1942 Mr. Lounsbury became a candidate for trustee of the library, was elected, and served as a trustee until 1963, upon his retirement. As a trustee he was conscientious, had an excellent command of the financial network of the library, and shared with his colleagues and librarian a genial wit, a practical philosophy to the routine handling of details, and a modern approach to the appreciation of literature. We were indeed fortunate, however, to have found another friend of the library when Mrs. William McGreal was elected by the community as our new trustee.

In observance of National Library Week, April 21 through 27, the library trustees and librarian held their annual Open House, Sunday, April 21. One of the unique features this year was an old-time, red-schoolhouse spelling bee under the masterful direction of Mr. Kenneth Jewett. Two teams representing a cross section of local residents attempted to demonstrate efficiently and intellectually the fun and challenge of this almost forgotten art. In addition to this main attraction, students of Mr. Sidney Willis held an exhibit of oil paintings which they had done at the Sharon Art Center. Refreshments were served.

We dislike sprinkling a cultural, historical report with lists of figures, as they do become rather boring and uncomprehensive as they accumulate, but it is astonishing to notice that in 1962 the library staff clocked an attendance of 7,742 people who came to do research or reference work within the library proper. Some took advantage of the smoking room or the private carrels which were made available to adults who desired absolute privacy in which to pursue their research. In 1963, however, this attendance figure had polevaulted to 18,119, an increase of over

100% from the previous year. This is a phenomenal revelation, the type of activity, however, that is going on in our larger, more progressive libraries throughout the United States.

Volumes in library, December, 1962	35,430
Volumes purchased	987
Volumes withdrawn from circulation	125
Volumes in library, December, 1963	36,292

Under the supervision of the Monadnock Community College the librarian had an opportunity to present a course in Elementary Library Science to those librarians and laymen who were interested in learning more about the operation of a small library. The Peterborough library served as a workshop for the students. The course was so well received that President Robert English has been requested to schedule additional courses for 1964. Library Hall was also used for courses in Music Appreciation taught by faculty members of the Monadnock Community College.

Records circulated	510
1963 registrations	415
Volumes circulated	45,322

Doubtlessly one of our best publicity devices has been a librarian's column which has appeared in the Peterborough Transcript monthly. Each month we have reviewed the most recent fiction and non-fiction, or planned a column pertaining to a seasonal theme; children's books for Children's Book Week, Christmas literature for December, winter sports for January, even cookery with tried and tested recipes for February! This has proved surprisingly more popular than we had anticipated. Patrons have requested the books mentioned. Librarians in other states have commenced the same type of presentation for their communities; and fan letters have arrived from other states — Washington, Massachusetts, Texas, and Indiana. One gentleman from the state of Washington said he subscribed to the Transcript and watched the activities of the

Monadnock Region very carefully, as he planned to retire in this vicinity within a year or two!

"Don't join the book burners. Don't think you are going to conceal faults by concealing evidence that they ever existed. Don't be afraid to go to your library and read every book as long as any document does not offend our own ideas of decency. This should be the only censorship."

The above excerpt was taken from an address delivered by ex-President Eisenhower when he spoke at Dartmouth College in 1953. He probably had in mind the Library Bill of Rights which had been adopted by the American Library Association. This is a bill which reaffirms a belief in the basic policies which should govern the services of all libraries. The bill has become a part of our local trustees' philosophy of governing and directing the destinies of the Peterborough Town Library. As this bill has become basic to library government throughout the United States, we would like to share its six basic policies with the community.

1. As a responsibility of library service, books and other reading matter selected should be chosen for values of interest, information and enlightenment of all the people of the community. In no case should any book be excluded because of the race or nationality or the political or religious views of the writer.

2. There should be the fullest practicable provision of material presenting all points of view concerning the problem and issues of our times, international, national, and local; and books or other reading matter of sound factual authority should not be prescribed or removed from library shelves because of partisan or doctrinal disapproval.

3. Censorship of books, urged or practiced by volunteer arbiters or morals or political opinion or by organizations that would establish a coercive concept of Americanism, must be challenged by libraries in maintenance of their responsibility to provide public information and enlightenment through the printed word.

4. Libraries should enlist the cooperation of allied groups in the fields of science, of education, and of book publishing in resisting all abridgment of the free access to ideas and full freedom of expression that are the tradition and heritage of Americans.

5. The rights of an individual to the use of a library should not be denied or abridged because of his race, religion, national origins or political views.

6. As an institution of education for democratic living, the library should welcome the use of its meeting

rooms for socially useful and cultural activities and discussion of current public questions. Such meeting places should be available on equal terms to all groups in the community regardless of the beliefs and affiliations of their members.

Library hours: Monday, 12 to 8; Tuesday, Wednesday, Thursday, Friday, and Saturday, 2 to 8. Books may be renewed by a telephone message. Patrons may withdraw as many books within reason as they would like. We do beg that they be returned on time — at least returned. Although Miss Nellie Donovan and Mrs. Helen Richardson who joined our staff in April spend over a quarter of their time trying to encourage patrons to return their books, we have experienced heavy losses in this department. The residents of Peterborough and those of surrounding towns are encouraged to take advantage of the various cultural, social, and literary facilities of the library.

Respectfully submitted

Allan J. Bertrand

CONCLUSION

I wish to take this opportunity to express my thanks to the Board of Selectmen; members of the Police Department; members of the State Police; Judge Kenneth A. Brighton; Clerk of Court, Stella L. Sumner; Highway Agent, Robert Martin; Florence Connell, Town Bookkeeper; Merchants and Citizens of Peterborough for the co-operation given me in the performance of my duty as Chief of Police during the past year.

Respectfully submitted
 Arthur G. Jackson
 Chief of Police

REPORT OF THE CHIEF OF THE PETERBOROUGH FIRE DEPARTMENT

To the Selectmen of the Town of Peterborough:

I submit my report for the year of 1963:

Fire Calls

33

Decription of fires:

Oil Burners	2
House	2
Mill (1 West Peterborough Mill; 1 Gates Mill; 1 Noone's Mill)	3
Chimney	3
Town Dump	3
Grass and Brush	8
Camp	2
Car and Truck	3
Barn	1
Church	1
Rescue	3
Out-of-Town Brush Fire (Sharon, paid for by Town of Sharon)	1
Mutual Aid Calls (Jaffrey, Greenfield)	2

Damage done by fire in Peterborough during the year 1963 cost approximately \$8,750.00. The assistance of our tower man at the look-out tower on Pack Monadnock in locating smoke kept tight control; the cooperation of the town residents in obtaining fire permits kept a check on outside fires, especially during the long dry weather. The efficiency and alertness of the members of the fire department kept damage at a minimum.

ACTIVITIES OF THE CHIEF

Inspected 51 water holes.

Inspected 21 new oil burners.

Attended 9 Fire Wardens' meetings (supper) in Hillsborough County with other members of the department.

Attended 8 Fire Chiefs' supper meetings in New Hampshire and the New England Fire Chiefs' Convention.

Attended Fire Wardens' one-day training program.

Attended two-day Executive Training Course at the Fire Chiefs' Training School.

During the year the Fire Department entertained the Hillsborough County Forest Fire Wardens Association with supper and a speaker at the Fire Station.

Deputy Fire Marshall Herbert Whitney and Chief Craig instructed 25 Indian Guides and their fathers in fire prevention at the Fire Station.

Chief Craig entertained and instructed 72 second-graders and their teachers at the Fire Station.

All rest homes, hospital, school, the Tavern, and other public buildings were inspected by the Deputy Fire Marshall and Chief Craig.

I wish to take this opportunity to express my thanks to the citizens of Peterborough; the members of the Fire Department; the Board of Selectmen; and Florence Connell, the town bookkeeper, for the cooperation given our department in the performance of my duties as Chief of the Peterborough Fire Department.

Thomas J. Craig

Chief

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience—a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help.

1. Always have permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.
2. Carry your rubbish to the public dump — it's safer. A neglected backyard incinerator causes many fires.
3. Never discard lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.
4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Lets all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

Number of fires and burned area in 1963

	Fires	Area-Acres
State	873	2,117
District	223	138 $\frac{1}{4}$
Town	2	$\frac{1}{4}$

Warden

HIGHWAY AGENT'S REPORT

Having been elected your Highway Agent at the Annual Town Meeting of March 1963, I am submitting at this time my report together with a brief summary of what was accomplished during the past year by the Highway Department.

Highway Department Activities Class V Highways (T.R.A.)

One mile of Windy Row finished and surfaced with Bituminous Penetration.

Rebuilt a mile and three tenths of Middle Hancock Road and surfaced it with a Bituminous Mix.

Mercer Ave.: Special appropriation. New drainage of culverts and catch basins were installed to improve the drainage system. Mercer Ave. was surfaced.

Vale Street: New culverts and catch basins have been installed and the road surfaced. The poles on Vale Street were replaced behind the sidewalk and fire hydrant. The help of the Public Service made this possible.

Betterment and Maintenance

Many projects pertaining to the maintenance of our roads, culverts, ditches, patching, cleaning catch basins, sweeping streets, lining of streets and parking lots, lighting of the Christmas Tree in Putnam Park, snow removal, and repairs of sidewalks were undertaken throughout the year.

Sidewalks Rebuilt and Surfaced

Pine Street: About 600 feet of the sidewalk was resurfaced.

West Peterborough: 80 feet of the sidewalk in front of Gates Inc. was rebuilt with a Hot Top Bituminous surface.

Regrading and Surfacing of Roads

Laurel Street; Upper Pine Street; Powersbridge Road; Morris Street; MacDowell Road.

Surfacing of Roads

Mercer Development; Noone Ave.; Prospect Street; Old Street Road; Old Mountain Road; Part of Sand Hill Road; Shoulders to West Peterborough.

This year we used a total of 94,598 gallons of oil at a cost of \$12,115.31. Out of this 600 yards of patch was mixed for maintenance.

The Highway Department also laid all the water line and services for the P.I.D.C. at North Peterborough.

At this time I wish to thank everyone who has contributed in any way towards making the Highway Agent's job easier. It has been a pleasure to serve the people of Peterborough.

Respectfully submitted

Robert E. Martin

Road Agent

SELECTMENS' REPORT OF SALARY SCALE

At Town Meeting of 1963, it was voted that the selectmen study the salaries of Town employees and make recommendations to this 1964 Town Meeting.

We have received through our New Hampshire Municipal Association a survey of all the pay scales of its member towns and cities. This survey includes Police, Highway, Recreation Departments and Town Office employees, etc. From these reports we have found that we are in line with the pay scales of other towns throughout the state and so we recommend the following:

- 1) That we buy Group Life Insurance of \$1,000 for all full time town employees under the plan approved and recommended for the N. H. Municipal Association.
- 2) That the Town authorize the selectmen to review and set the pay scale of all Town employees full or part time except those in elected offices.

Edward J. Lobacki

Benjamin Y. Brewster

Louis Teixeira

Selectmen of Peterborough, N. H.

COMMITTEE REPORT ADAMS PLAYGROUND, 1963

The Peterborough Playground has become a year round reality in the recreational life of the Town. Relatively few residents realize that their playground offers them a broad range of supervised activities. They have heard that there is a swimming pool, and they can see the baseball fields, but it is the rare taxpayer who comes to look, and is aware that children and adults are taught to swim, dive and study life-saving. We wish more people knew that children and parents may now skate day or night, under floodlights beside a cosy warming hut, that any boy over seven may play on a baseball team faithfully coached by Lawrence Bishop, nearly every day in the week, all summer long; that restless young or conscientiously fit adults may play tennis or basketball any time, night or day, rain or shine on four asphalt courts; that any child dropping by may, under supervision, play tetherball, badminton, volley ball or ping pong; or that a quiet one may create in the arts and crafts hut, a young one hang from the jungle gym, fly on the swings, thump on the seesaw; or a dreamy one make castles in the sand box.

In 1963 there were twelve weeks of skating, supervised by Mr. H. A. Anderson and Terry Lowe. On April 13th, before the ice was gone from shaded woods, the tennis courts were in demand, and cries of protest rang out when the nets were rolled up and stored October 15th, twenty-eight weeks later.

Baseball was more popular than ever. Two leagues played under the veteran, tireless Coach, and softball games went on in the other field.

The general Playground, which was open for ten weeks, was Directed by Terence Lowe, Dartmouth Senior long-devoted to the ideal of outstanding recreation for his home town. He was assisted at the crowded poolside by instructor-lifeguard, Miss Julie Odell, honor student at Atlantic Union College. This was Miss Odell's second year and we are happy that she will be on the staff next year, as will the very successful Director, Mr. Lowe. The third instructor-lifeguard was Miss Karen Russell, who attended Connecticut College for Women. Thanks to the initiative of Mrs. Mary Fitzgerald, Chairman of the local Water Safety Program of the American Red Cross, Miss Odell and Miss Russell, before the opening of the season, attended for two weeks the famed Tevia Aquatic School at no cost to the guards or the Town of Peterborough.

For the third year, Mrs. Jane Cover generously substituted as daytime guard, and in addition, assisted Mr. Lowe with evening lessons twice a week. Of interest to future planning, was the regular attendance of nearly twenty beginner adults, twelve or whom, at the end of the season, bravely dove off the board and swam the length of the pool. We hope that Mrs. Cover will help us again next year.

Mr. James H. Ryan, PCS teacher, was the games instructor.

There was a regular, devoted group at the Crafts Hut under the creative guidance of Jane Silverman.

The maintenance was under the direction of Mr. George F. Shea, Jr., University of Houston Sophomore, who was dependable and resourceful and, happily, will be with us next year.

Maintenance has become a serious problem to the Playground Committee. The care of the grounds is supervised by volunteer citizens without adequate technical knowledge, with borrowed machinery and costly service. This is often needlessly expensive, usually inefficient and even with the help of the most energetic, conscientious staff, not up to the standards of Peterborough.

Under the present system, the Committee is obliged to hire individuals to take away the rubbish, to grade the parking areas, prune the valuable trees, to plow the courts in winter and make cripplingly-slow plumbing repairs. The majority of the Committee feels that a volunteer, necessarily time-limited committee should direct its major efforts toward, (a) appointing and assisting responsible, skilled men and women whose principle goal is to help the young people of Peterborough achieve emotional and physical maturity; and (b) toward accommodating the ever-increasing numbers of children and adults who come to the Playground. This can be done only by long-range planning of money, time, equipment and skills. This is a full-time job in itself. The grounds and works now require a great deal of expert supervision nearly twelve months of the year, and this, properly done, is also a full-time job.

In the spring of 1963, the Peterborough Pool had its face lifted. The previous March, the Town voted \$3,700.00 of the Albert W. Noone Trust Fund to be spent on refinishing the twenty-seven year old pool, and on resurfacing the four tennis courts. The courts were re-surfaced with blacktop by June first.

The fifty yard, six lane pool proved to be a compli-

cated restoration, with no precedent. The complexity and uniqueness of the project made painstaking research a necessity. Many conferences with many pool and construction experts, revealed enough envy of our pool throughout New England to make the people of Peterborough very proud. The safety record is not bettered. We were told, "that firm concrete could not be duplicated today no matter what the cost." After collecting and sifting advice from Massachusetts through Vermont, it became evident that there was quite a lot to restoring an outdoor twenty-seven year old Northeastern swimming pool. It must be sand-blasted; the crumbled masonry then repaired; the expansion joints re-caulked and sealed; the concrete etched with muriatic acid and the entire surface then washed free of the acid and the concrete thoroughly dried. Next, the concrete must be sealed with silicone, and last, painted with special, slow-drying paint. Amazement was expressed that it had not been necessary to do this before. Even the original steel shower stalls were still standing. The Committee was particularly pleased to be able to assign all the work to local men.

Rain in May delayed the drying of the concrete, and although cries for relief from the sizzling heat were heart-rending, the Committee relentlessly held out until the paint had set. On July second, the children joyfully christened the shimmering blue pool, and on August twenty-eighth, four days after the championship baseball game, the season closed with a gala meet and water carnival. Proud parents turned out to watch their young demonstrate skills acquired through their summer lessons. Certificates were awarded for achievement, and the customary watermelon scramble involved all in a final aquatic melee.

On the same festive day, Jane Silverman and her devoted craft makers put on a Fair. Notable handcraft included metal and gimp bracelets, belts, woven pot-holders, leather pen and pencil cases and note paper embellished with original block prints, something new from the Craft Hut.

Due chiefly to the initiative and drive of Director Terry Lowe, there were other firsts in a wonderfully sustained program. Before school was out, questionnaires went to each child to determine interests in swimming and tennis lessons; letters went to camp and town recreation directors about potential swimming meets.

It was the first summer since 1957 that a full slate of swim lessons were conducted, and the first since 1949

that swimming awards were given. The team was undefeated in five meets.

Mr. Lowe's original research led to an interesting feature in the Transcript on the history of the pool. In 1936, Major A. Erland Goyette had donated the land, and for some time had presented trophies to outstanding swimmers. This year, Mrs. Goyette gave to the Playground two beautiful sterling silver cups in memory of her husband, "to symbolize the Major's interest in our young people." The cups will be presented each year to the best all-around boy and girl swimmers who regularly attend the pool; the winners to receive a plaque marked with the record of the victory, and the cups to be engraved with their names. The large trophies will stay in the custody of the Playground. It is hoped that these awards will provide a material symbol of continuing challenge for future adults in a competitive world. The 1963 winners were sister and brother Mary Ann and Richard Cuddihee.

George Shea, Terry Lowe, cooperative children and public spirited parents managed to get a great deal done. Serious winter damage to fine old shade trees called for expert repairs. Twenty-three healthy elms were pruned. Old maples, grey birches, leggy lilacs, rare Mugo pines were pruned and fed. Clusters of encroaching wild cherry, deceased alders, a dead grey birch and three withered young sugar maples were all removed. The ball fields were rolled, the bleachers erected. The parking area was scraped and graded, troublesome border stones removed, and railroad ties substituted to simplify mowing. The swampy area south of the tennis courts was drained. In the fall, wild roses donated by a friend of the children, were planted along the wire fence on Union Street. If others will give roses, the fence should someday serve as a pretty border instead of an ugly restraint.

The pool machinery is complicated and always threatening. The new filter functions well, but the very old chlorinator may break down at any time, hopefully not during a summer or before the Capital Reserve Fund has grown sufficiently to buy a new one.

Capital Improvements were:

Bath House — Two concrete shower stalls to replace original steel walls. Repair of the worst rotten sills. Windows, latches and some clapboards replaced.

Craft Hut — Broken windows, siding, latches repaired. Interior painted by Miss Silverman. Step and sill replaced.

Pool Filter Room — Door and casing rebuilt, metal

window casings repaired, lights replaced. Pump overhauled.

Warm-up Hut — Ramps repaired, building painted, new outside switch installed for floodlights. This was a gift of the carpenter.

Playground — Two picnic tables and eight benches were built by the boys in the school workshop. A new power mower was purchased. Three lifeguard stands were painted. A twenty-four foot marine plywood practice backboard was installed on the west tennis court. New signs were made. The entrance was chained at night and checked regularly by the Police.

A soft drink vending machine was made available to dispense drinks in paper cups, eliminating the hazzard of broken glass.

Anticipated major capital expenditures for the near future include:

A second ping pong table.

Bath House foundation raised with one course of concrete block. Girls' shower drain repaired. The building painted.

Pool masonry on the apron repaired. Bottom of pool painted.

Baseball Hut must be restored or replaced.

Craft Hut roof must have saddle boards or shingles and the building painted.

Refreshment Hut must be painted.

Skating Rink needs a two inch line for spraying as proposed in 1962. The area south of the tennis courts, before it is filled in, should have a drain pipe running from the hill at the northwest, to the culvert under Union Street.

Inevitably, there will be annual plowing damage to the court finish and drains as long as the area is used for skating. The cost of these repairs should be studied, in order to plan on court maintenance in relation to the cost of the winter program.

The Committee wishes to thank: its outstanding staff, the Selectmen, the Police Department, the Highway Department, the Water Commissioners, and the business men who loaned us their trucks and other machinery. And in addition, we wish to express our gratitude to the generous men who donated backs and scarce free time, without being asked, the woman who cheerfully made one hundred and twenty swimming awards, and the parents

and children who showed their appreciation of a truly remarkable civic privilege.

Respectfully submitted
Faith F. Lee, Chairman
Ralph Tilton
Lawrence Bishop

William Cuddihee

PLANNING BOARD REPORT

The Planning Board held 17 meetings from January, 1963 to and including February 25, 1964. By a vote of the Town the Planning Board is required to make recommendations for road construction each year.

1964 Program

Class V roads:

- A. Sand Hill road from Concord St. to Street Road, about .5 of a mile.
- B. Middle Hancock Road from Hadley Road to Hancock Line, about 1 mile.

Town Roads:

- A. Regrade and resurface Cheney Avenue from Pine St., to Street Road, about .5 of a mile.
- B. Grove St. from Railroad crossing near Basket Shop to the iron bridge, 1800 feet.

A request was presented to the Board for widening and draining Elm St. from Evans Road to the By-pass. Action on this request was postponed until the Water Commissioner gets a final report as to whether the water mains on Elm St. will have to be changed this coming year.

LAND SUBDIVISION

Performance bonds have been presented to the Town by the following developers:

- 1. Orchard Hill Development, off Cheney Avenue by La-Roche Bros.
- 2. Terrace Hill Development, off Dublin Road By-pass by Lloyd G. Reynolds.
- 3. Phase I of the Pineridge Development at North Peterborough by the Industrial Development Corporation.
- 4. The Blanchette Development at West Peterborough by Oliver Blanchette who is in the process of procuring a performance bond.

Through the cooperation of the Public Service Company, a map of our street lighting system is being prepared.

There are two articles in the Town Warrant, one for the new lights, and one for a change in the lights from corner of Main Street to the Grove Street Bridge. Both articles are approved by the Planning Board.

The Planning Board has taken no action on capital reserve projects for this year.

The Town mapping project is expected to be completed by July 1. This project will also include a Town Directory if the Town so approves.

Peterborough Planning Board

B. NO-SCHOOL SIGNAL

In case of emergency when it seems inadvisable to have schools in session on any day, the No-School Signal will be given by sounding the signal 22 on the fire alarm system at 7:15 A.M., and by having it announced over radio stations WBZ, WKNE, and WKBK at the same time approximately. When the No-School Signal is given it means that there will be no school in all grades all day.

Parents and pupils are urged to depend upon the fire signal, T.V., or radio for no-school notices. The local telephone operators are no longer able to assist in giving no-school information.

C. CALENDAR

1964

April	24	Schools close—Spring Vacation
May	4	Schools reopen
June	12	Schools close (unless time lost)—Summer vacation
Sept.	9	Schools open

Nov. 26 & 27		Schools closed—Thanksgiving Recess
Dec.	22	Schools close—Christmas Vacation

1965

Jan.	4	Schools reopen
Feb.	19	Schools close—Winter Vacation
Mar.	1	Schools reopen

D. REPORT OF DISTRICT CLERK

RECORD OF THE PROCEEDINGS:

At a meeting of the inhabitants of the School District of Peterborough qualified to vote in District affairs, holden at The Peterborough Consolidated School on Wednesday the 6th day of March, 1963 at 7:30 o'clock in the afternoon.

The Moderator, Maurice M. Blodgett called the meeting to order and proceeded with the business as follows:

After the reading of the Warrant the following motions were presented by the School Board and passed without discussion:

Art. 1—Moved that the salaries of the District Officers for the ensuing year be as follows: Each School board member \$50.00: Treasurer, \$75.00; Clerk, \$10.00; Moderator \$10.00; each ballot clerk \$5.00.

Art. 2—Moved that the reports be accepted as printed and placed on file with the clerk.

Art. 3—Moved that the District petition the State Tax Commission to have an audit made by the Division of Municipal Accounting.

Art. 4—The Budget for the School year 1963-1964 was presented by the School Board under the following motion: Moved: That the school district raise and appropriate \$427,974.40 and to authorize and direct the school board to apply against said appropriation such income as is estimated by the school board exclusive of state aid, and upon the determination of the amount of state aid to be received by the school district during the next fiscal year to authorize and direct the school board to apply against such appropriation the sum to be received from state aid and with the School District clerk certify

to the Selectmen the balance as an assessment to be raised by the Town for school purposes.

Mrs. Everett Clement, Chairman of the School Board explained the different items in the budget and after much discussion the motion was passed.

Art. 5.—Under article 5, the following motion was presented by the School Board and discussed by Mr. Kenneth Whiton, School Board member and the motion passed.

The Motion:—Moved: That the School Board be authorized to make application for and accept on behalf of the District, any or all grants forthcoming under title III, V or VIII or any combination thereof, of the National Defense Education Act, Public Law 85-864 or any or all grants of other funds which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire under the provisions of the National Defense Education Act.

Art. 6—Moved: That the District raise and appropriate the sum of \$410.00 for outdoor lighting around the school driveway and parking area. Mr. Mark Wheeler, School Board Member explained the need for lighting, and the motion passed.

Art. 7—Moved that this article be indefinitely postponed. This motion was passed.

Art. 8—Moved: That the District raise and appropriate the sum of \$3,000 toward the cost of a language laboratory, expenditure of which is contingent upon receipt of matching funds from N.D.E.A. This motion passed.

Art. 9—Moved that the District raise and appropriate the sum of \$1,000 for building and land survey purposes. Motion passed.

Art. 10—Moved: That action on articles 10 and 11 be postponed until this meeting is re-convened on June 5, 1963 at 7:30 o'clock in the afternoon at the Peterborough Consolidated School in Peterborough.

Mr. Mark Wheeler explained the reason for the postponement was to give the School Board more time to study the situation regarding acquiring more land or property for school district use. The motion passed.

It was moved that the meeting of the Peterborough School District be recessed until Tuesday, March 12, 1963 at 8:00 o'clock in the forenoon at the Town House in Peterborough. This motion passed.

At the recessed meeting, the following officers were elected by the District for the ensuing year:

For Moderator, Maurice M. Blodgett	1057 Votes
For Clerk, Helen A. Keenan	1049 Votes
For Treasurer, Robert Derby	1071 Votes

School Board Member:

Margaret Clement	969 Votes
Elizabeth Brighton	11 Votes

The meeting was recessed at 10:00 o'clock until June 5, 1963 at 7:30 of the clock in the afternoon at the Consolidated School.

Respectfully submitted,
HELEN A. KEENAN, Clerk

Record of the Proceedings:

At an adjourned meeting of the inhabitants of the School District of Peterborough, qualified to vote in District affairs, holden at The Peterborough Consolidated School in said District on Wednesday, the 5th day of June, 1963.

The Moderator, Maurice M. Blodgett presided, and after explaining the purpose of the meeting, proceeded with the business as follows: Under article 10 of the School Warrant the following motion was presented by the School Board:

Moved: That the School Board be authorized to acquire title to the socalled Larrabee property as described in article 10 of the School Warrant for 1963.

Mr. Kenneth Whiton of the School Board spoke against the purchase of the land, saying that only about 13 acres could be made usable for school purposes, and the cost of grading and getting the land in shape for school purposes together with the initial cost of the land would be very high, and then we may not have what would be necessary.

Speaking for the purchase was Mr. Mark Wheeler of the School board, arguing that the land was near the present school, an ideal location, and that more land near the school was necessary for playground and parking purposes.

Many of the voters spoke some for the purchase and some against and there was much discussion.

Finally a vote was taken and there were 35 in favor of the purchase, and 67 against.

Under this article a second motion was presented by the School Board as follows:

Moved: That the School Board be authorized to investigate the desirability of other sites for a report to the School District at the annual meeting in March, 1964, and to take options for the purchase thereof.

Under Article 11—The following motion was presented by the School Board:

Moved: The the School District raise and appropriate the

sum of \$5,000 to defray the cost of any options which may be secured by the School Board and that any unexpended portion of such appropriation be applied to any ultimate purchase by the School District.

The motion was amended that \$5,000 be changed to \$2500 at the suggestion of Forrest C. Mercer.

Also an amendment offered by Kenneth Whiton that options may expire on April 1st, 1964. Objection to this amendment was voiced by Atty. Fernald who stated that options should expire not later than April 1st, 1966. Mr. Fernald's amendment was passed, and the motion passed as amended.

No further business to come before the meeting, and it was declared adjourned.

Signed: Helen A. Keenan

District Clerk

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

**To the Inhabitants of the School District in the Town of
Peterborough qualified to vote in district affairs:**

You are hereby notified to meet at the Peterborough Consolidated School in said district on the 4th day of March, 1964, at 7:30 o'clock in the afternoon to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and fix the compensation of any other officers or agents of the district.

2. To hear the reports of Agents, Auditors, Committees, or officers chosen, and pass any vote relating thereto.

3. To choose Agents, Auditors, and Committees in relation to any subjects embraced in this warrant.

4. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

5. To see if the district will authorize the school board to make application for and to accept, on behalf of the district, any or all grants forthcoming under Titles III, V, or VIII, or any combination thereof, of the National Defense Education Act, Public Law 85-864 or any or all grants of other funds which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire under the provisions of the National Defense Education Act.

6. To see if the district will vote to raise and appropriate the sum of \$1,500.00 toward the cost of a language laboratory, or take any action relating thereto.

7. To see if the district will authorize the School Board to enter into long-term tuition contracts with other school districts of the area, such contracts not to exceed a term of 20 years from the date of the contract.

8. To see if the district will reappropriate the \$2,500.00 raised and appropriated under Article 11 in the 1963 warrant to meet additional expenses of the current year for building plans and land survey purposes.

9. To see if the district will authorize the school board to acquire title to that tract of land situate on the eastern side of High Street, adjoining on the north the present property of the District, containing about 30 acres, being the land recently conveyed by Nedlar Farms, Inc. to LaRoche Land Development Corporation, or to authorize the school board to acquire title to such other tract or tracts of land in Peterborough as the district may approve at this or any recessed session of this meeting or take any other action relating thereto.

10. To see what sum of money the District will vote to raise and appropriate for the purchase of any such land, and whether the District will vote to raise all or any portion of such sum by issuing serial notes upon the credit of the District, and whether the District will authorize the school board to determine the terms and conditions upon which the notes shall be issued, including their sale and the time and place of payment of principal and interest, in accordance with the provisions of the Municipal Bonds statute, New Hampshire Revised Statutes Annotated, Chapter 33.

11. To see what sum of money the district will vote to raise and appropriate for the development of plans and specifications of a proposed new school building, and for professional services related to the project, including the acquisition of land, such funds to be made available as a deficiency appropriation for the current school year and prior to June 30, 1964.

Given under our hands at said Peterborough this 18th day of February, 1964.

KENNETH E. WHITON
MARK G. WHEELER
MARGARET H. CLEMENT
School Board

**To the Inhabitants of the School District in the Town of
Peterborough qualified to vote in District affairs:**

You are hereby notified to meet at the Town House in said Town of Peterborough on Tuesday, the tenth of March next at eight of the clock in the forenoon, (Polls close at 6:00 P. M., unless otherwise voted), to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.

Given under our hands at said Peterborough this 24th day of February, 1964.

KENNETH E. WHITON
MARK G. WHEELER
MARGARET H. CLEMENT
School Board

School opened in September, 1963, with the following new staff members: Mr. Franklin A. Finley, Elementary Principal, Grades 1-8; Mr. Ernest A. Adams, English, Grades 7&8; Miss Amy Bond, Special Class; Mrs. Eva Gagnon, Grade 7; Mr. Carroll J. Eno, Guidance (9-12); Mr. Norman H. LaPalme, Math. Grades 7&8; Mrs. Dianne F. Maki, Grade 1; Mrs. Ruth Ring, English; Mr. H. Charles Royce, Jr., Science, Grades 7&8, and Mrs. Teresa Tidd, Math.

B. SCHOOL PROGRAM

1. Report of the Elementary Principal

Elementary—Grades 1-6

During the past year we have been in the process of developing our modern mathematics program through the third grade, and we have completed preliminary plans for its inclusion into the fourth and fifth grades next fall.

The primary difference between a "traditional" and "modern" approach to mathematics is in the method by which the fundamental processes are taught. The modern program is a series of activities designed to develop an understanding of the structure of mathematics as a basis for learning and understanding the basic operations of our mathematical system.

To those of you who are curious as to the content of the "new mathematics," a brief word might be in order. The primary difference between the "traditional" and "modern" approach is in the method by which the fundamental processes are taught. The former method tends to stress the mechanics of mathematics in contrast to the development of an understanding as to the "why" of mathematics, an approach which gives a more effective understanding of the more abstract mathematical concepts so necessary for a full understanding of the mathematical and scientific experiences ahead.

Two years ago grouping in arithmetic was started in grades four through six. In this plan all sixth grade pupils, regardless of room assignment, were grouped according to ability. This same plan was followed in grades four and five. Organizing our classes in this manner enables us to do a better job of adapting our curriculum and methods of presentations to individual differences. Because of the success of grouping for arithmetic we have extended this plan to include reading. This reduces the number of reading groups that each teacher must have and thereby increases the amount of instruction that each group is able to receive.

Our sixth grade students will attend Sargent Camp again this May. The purpose of the school camping program is to provide an outdoor study situation as a rich supplement to the school's natural and social science program. Learning becomes interesting since the pupils have endless opportunities for active participation. They learn by doing and have an opportunity to use all of their senses to aid in the accumulation of knowledge.

The classroom teacher living with her pupils for a week fosters mutual understanding and has proven to be valuable in pupil-teacher relations upon their return to school. The theme of this year's program will be "Interrelationship of Community Life" and will be studied in relation to the forest, farm, meadow, swamp, and pond.

Through the continuing services of the Crotched Mountain Rehabilitation Center, we are able to offer speech therapy to children with speech problems. At the present time thirty minutes of instruction per week is given to one high school and thirteen elementary school pupils. Miss Shevanian of the Center has been in charge of the instruction. Our school nurse, Mrs. Doris Wiklund, has also been of assistance in the operation of the program. The cost of the teaching is borne by the parents of the pupils involved.

The program in the special class continues to be developed and expanded. This year for the first time it has been possible to schedule one gym period a week for this class. Reading and arithmetic and social adjustment are the areas that receive primary emphasis in our program.

We are experiencing problems of large classes in grade six this year. We started school in September with sixth grade classes of thirty-eight and thirty-six. Present figures indicate that we will have a similar problem in grades one or two next year. If we are not to make sacrifices in the school program it will be necessary to create additional classrooms in the near future.

Junior High—Grades 7-8

The addition of window shades and tile flooring to the junior high has completed the development of this area. It has become one of the most attractive areas in the school plant. Six classrooms and the elementary guidance office are included in this section.

A limited junior high library has been developed by Mrs. Carll. Many donations of books have been received and these are supplemented by books from the Town Library. Although the facilities are limited, the library is in constant use and has proven to be beneficial to our program and helpful to the students.

Beginning this fall our junior high French program has been expanded so that French is now offered to a limited number of students in grade eight as well as in grade seven. French is offered as an extra subject rather than replacing any part of our standard program.

The self-contained classrooms that were initiated last year are proving to be a valuable asset to the school program. In these classes it is much easier to adapt the curriculum content and methods of instruction to the needs and abilities of the pupils being taught. Every effort is made to insure that the subject matter covered is as individually appropriate as possible, and will allow all pupils some degree of success. Through curriculum development and close pupil-teacher relationship we feel that a big step has been taken in the improvement of the junior-high program.

The primary purposes of guidance are to keep each child's

achievement consistent with his ability and to help pupils overcome any adjustment problems which may develop. This is done by employing many different tools and devices such as counseling, testing, referrals to the proper agencies for advice or therapy, and consultations with teachers, parents and pupils. Diagnosis and treatment of a single problem may require the expenditure of twenty hours or more. This means that it would require the full-time services of a guidance counselor to fully cover this assignment. At the present time this service is operated on a part-time basis, consequently many children, who have been referred to the guidance office have had to be turned away. However, even with these limitations the guidance program has contributed much to the effectiveness of our program.

The remedial reading program is designed to aid pupils who have not acquired all the reading skills necessary to satisfactorily complete the work at their grade level. True remedial work does not lend itself to quick results. It is a long, slow process. Because the teaching of remedial reading is a part-time position, many pupils who would benefit from this program are unable to participate.

The administration recommends the addition of a full-time remedial reading teacher to the teaching staff. This would make possible the implementation of a full-time elementary guidance program and would make it possible to include many more students in the remedial reading program.

FRANK A. FINLEY, Principal

2. Report of the High School Principal

This year we should like to center our annual report around a limited number of areas of instruction, covering these particular items more completely rather than to attempt to cover the dozen or more phases of our program.

The Curriculum: The new multiple track system was put into operation with the opening of school last September, and the coordinated efforts of the guidance director and the principal resulted in a more satisfactory placement of students than in previous years. At the present time, we are of the opinion that our track system is workable and can be adapted effectively to the needs of the students.

The Library: Many improvements have been slowly on the increase in our library program. State recommended standards, which had to be met prior to September, 1963, have been instituted. Among these standards are the qualifications of the librarian, who now has the proper credits to carry on the program. The book collection, the magazine collection, and the vertical file have had additional materials added and come closer to the state standards than a year ago.

Approximately 500 books have been added to the shelves in the past year. Many of these are new titles purchased from the library budget. Other books have come from Gifts of money from the D.A.R., American Legion, and Mrs. Elizabeth Yates McGreal. The Student Council book collection project netted several useful titles. Rummage sales have accounted for still more books.

Non-book materials furnish up-to-date matter which is not yet printed in book form. The chief non-book type of material, magazines, have been increased in numbers from 20 a year ago to 37 today. Magazines representing all factions of the widely diverse curriculum are now available for student and staff use. Back issues are saved and their use encouraged through the **Reader's Guide**. Another medium, the newspaper, is being used by a large number of interested students who find that their teachers recognize the value of keeping up on the latest developments in world affairs and domestic policies. The information file of pamphlets, clippings, and incidental materials is still in its early stages of development, yet promises to fill in many gaps of information that are not represented in books and magazines.

Facilities for a more useful and attractive library were given a lot of attention this last year. Several book shelves were obtained to accommodate the many added titles. A new magazine rack was built. The furniture received a "facelifting" and has been rearranged for increased ease of use. Supplies and equipment have been purchased which facilitate the preparation of new materials, and the repair of used material. Proper quarters and facilities are a part of the recommended state standards which we have strived to attain. Facilities at present are not adequate to take care of the increased attendance of students who use the library each day.

The library services rendered are proportionate to the size of the quarters, the facilities available, and the collections of books and non-book materials. Nevertheless, our services have increased twofold and more over last year. More students are using the library for more varied activities than ever before. The average number of books loaned per day has doubled. The teaching staff has found the library available to bring classes for lessons in research and study habits. Cooperative efforts between teachers and librarian have enabled students to gain information outside of the classroom as well as in class. The new reserve system, used plentifully by the teachers, has opened whole new methods of getting ideas across to the student. A competent staff of student librarians help to keep an orderly system running smoothly. These young people are themselves benefitting from contacts with books, teachers, responsibility, and planned activities within the Library Club.

The department of audio-visual equipment and aids is

now centered in the library. Students are able to listen to tape recordings of language lessons, and to records of great literary masterpieces for further appreciation of our heritage. Teachers may preview films and filmstrips, and withdraw equipment of all kinds for use in the classroom. An audio-visual club has been formed to learn about and help maintain and dispense equipment to the classrooms. Teachers' comments indicate an appreciation of this new and helpful service.

In the future we hope to be of increasing service to the students and teachers by continuing to better the library program. We need books, appropriate quarters, facilities, equipment and full-time personnel to meet the standards which will realistically add the type of service which should be available to the students and teachers in a school of this size.

High School Guidance: There is certainly more than one way to organize and administer a successful guidance program in any given public school system. There are probably as many approaches to the formulation of guidance services as there are guidance personnel serving communities in this nation. Certainly, no two counselors conceive the guidance function in exactly the same way. It would seem, therefore, that the philosophy underlying any implementation of pupil personnel services should and must be understood in the community as well as in the school.

First, the guidance program must be realistically based on the actual needs of the students in the school. Secondly, it should be in a constant state of evaluation, so that all will know of the results of the efforts expended. Lastly, it should be a process of helping, assisting, and clarifying, with the major emphasis on the development of an independent, happy citizen who is secure enough so that he can work toward helping others to achieve a similar security. This is the basic objective towards which our guidance department shall constantly strive. The guidance that is carried out in our school system will become a part of the total educational picture of the system and of the community it represents. It will and must be an expression of the community and the pattern of education that the community supports.

Guidance services are not limited to a few. All students, and their parents, are encouraged to utilize the counsel, facilities, and materials available through the guidance office. Only to the extent that the entire student body finds the guidance program helpful, to that extent will it be approaching fulfillment of the basic objective.

Since the beginning of this 1963-64 academic year, every member of the high school student body has been interviewed at least once in the guidance office. Many students and some parents have, of course, consulted with the guidance counselor several times. From October 14, 1963, to December 21, 1963,

the guidance office scheduled a total of 573 appointments.

The continued interest of all school personnel, students, and parents in the guidance program is deeply appreciated.

Home Economics: Home Economics is a definite part of the overall educational program. The basic purpose of the program is to teach the fundamentals of the "American Way of Life" as the home will always remain the basis of our democratic society.

In an attempt to accomplish this purpose we strive to:

1. Help students become better members of society by studying the various phases and areas of homemaking.
2. Offer experiences in a variety of homemaking areas.
3. Encourage pupils to practice a variety of homemaking skills.
4. Provide learning experiences that will help individuals recognize their needs, and
5. Aid in the development of healthy attitudes toward home, school, and community.

In order to teach such a course effectively, modern and diversified equipment is essential. Due to the continuing interest of our superintendent and school board and their acknowledgment of the value of this course, our equipment has been considerably up-graded during the past two years. This includes a refrigerator with large freezing unit, two Hamilton Beach mixettes, two Universal electric frying pans, one sixty-five piece set of plastic dishes, one metal wardrobe, two Singer slant-needle sewing machines with table tops, two tall cabinets containing thirty-six tote drawers each, four small tables with formica tops (refinished by the custodians), thirty-six classroom chairs, four new faucet fixtures with spray attachments, and many expendable items.

These additions have in part fulfilled the recommendations of the evaluation committee. It is hoped that further equipment will be provided in the future to make this department a more up-to-date homemaking center.

Mathematics—Calculus: Of the 19 seniors who take mathematics, eight are taking calculus. This program is given by television by the New Hampshire School of the Air, broadcast on Channel 11 from Durham, N. H. A study guide is furnished with the course with examinations every two weeks. The pace is rapid and intense, but the majority of the group is able to keep up with the course.

Although there are many times when we would like to stop the program and ask questions, we find that this type of instruction by a competent teacher is extremely valuable.

The Student Council—A Student Reports: As President of the Student Council, I have been asked to write a sum-

mary of the 1963-1964 school year and how this school year has affected the students of the school.

Many of the students have expressed satisfaction with the fine relationships that have been established with the Guidance Department under the leadership of Mr. Eno. The problems that have been brought to the Guidance Department include plans for the future as far as the seniors are concerned, problems that exist concerning program of study for the underclassmen, and also personal problems. These student conferences in many cases have been followed up by parent conferences that have been most productive.

Some additional school activities have been added to the activity list and these additions have met with favor with the student body.

The large student enrollment has created many problems concerning the scheduling of classes and adds some changes in the routine of the school. First, it was necessary to schedule classes during lunch periods in order to get all classes properly placed in the schedule. This action eliminated using part of the lunch periods for school activities, such as class meetings, committee meetings, and emergency conferences. The second problem that has been created is the utilization of the cafeteria as a study hall. Although this action only occurs during four periods of the day, the students would prefer to study in smaller study halls. A number of our study halls in the cafeteria have over one hundred pupils during some of the periods. Third, if more rooms were available, it might be possible for certain classes to expand their activities and use other areas beside the classroom to conduct experiments, do special reference work, and also hold seminar discussions.

Progress in education is always with us. Situations that are problems today become the finished product tomorrow and we, the students, feel that when the problems of today are solved, we can look back to our contributions to the solutions. (Lorraine Wheeler, Class of 1964).

JOHN R. CLARK, Principal

3. Report of the Supervisory Staff

Recent studies by the State Board of Education revealed that the Peterborough High School had a high rating in its holding ability on its pupils. One study gave our dropout percentage at 3.2%; another study placed us in the top 30% among the larger schools of the state.

There is probably no one reason for our rating, but rather a combination of factors. The diversification of our curriculum, the provisions for differences in ability and interest, and a teaching staff with an understanding of the importance of these differences are among the more important reasons for our holding ability.

Even though we have reason to be pleased with our record, we by no means should become smug. We have a constant challenge, the causes of dropouts are increasing each year, and for that reason we must leave no opportunity for our young people to become discouraged and tempted to leave school.

We recently heard the statement made that a certain pupil did not fail the school, but rather, the school failed the pupil. This statement may be trite, but it does serve as a constant reminder of the obligation we have to our students.

Two years ago we initiated a self-contained junior high unit. Last September we added a second unit. The basic purpose of such classes is to provide a more intimate learning situation. Some pupils do not readily adapt themselves to a departmental set up, but feel the need of being a part of a more personal arrangement. We have found that some of our more capable pupils perform at a higher level in our self-contained units, often develop and gain confidence, and then move into the traditional classes.

We are proposing to the school board that, as soon as space is available, a self-contained Grade 9 and 10 unit be established. As in the case of the junior high groups, this high school unit would have certain basic studies handled by the homeroom teacher, and assignments in other areas varied in terms of the adaptability of the pupil, and in certain subjects within the regular program.

Such an arrangement would tend to strengthen the pupil's weaker areas, and to give him an increasing feeling of accomplishment, rather than of frustration and failure. Certainly it would defeat some of the basic causes for pupil dropout.

In this connection, we feel that the specific and concerted efforts in the elementary grades in phonics, followed by remedial and developmental reading in the junior-senior high school should further remove certain basic causes of pupil dropouts. A pupil limited in his abilities in the language art is severely handicapped in the most elemental of the subject-matter fields. Statistically there is a high correlation between the basic achievement of pupils and their command of the basic tool subjects; consequently our desire to improve, correct and develop the capacities of each and every pupil.

At the moment our efforts are limited by space. There will be but little opportunity for us to initiate and expand our program. In the elementary school we should set up a third second grade, for the enrollment in that grade will approximate 70 pupils. Our current third, fourth, and fifth grades total 65, 61, and 59 respectively. Each section of these grades now exceeds 30 pupils approximately, and if new families should move into our community during the summer, our problems would be compounded. Within a year or two another room will be

needed in the junior high section and two or three additional rooms in the senior high school.

Although no school year is without its problems, we consider that we are having a good year. Our staff averages some nine years of teaching, a healthy combination of youth and experience—a group which exhibits not only competence in the classroom, but one of fine spirit and dedication to our school and its pupils.

LEWIS F. FOOTE
Superintendent of Schools

EARL D. BARNES
Teacher Consultant

PART III. SCHOOL PLANT

A. Repairs

In addition to the regular summer program of cleaning and general maintenance, the school custodians and summer crew were involved in the following:

Painted out six classrooms and the auditorium-gymnasium. Laid 6,500 square feet of tile in the lower floor of the elementary section, now occupied by the junior high school. Constructed ten sets of bookshelves for the elementary classrooms.

B. Insurance

Fire & Extended Coverage on Peterborough Consolidated School and Contents (\$720,000.00)

Boiler Insurance, Property & Liability on Peterborough Consolidated School

Owners' & Tenants' Liability, including teachers

Workmen's Compensation & Employers' Liability

Driver Training Car

PART IV. FINANCE

A. REPORT OF SCHOOL DISTRICT TREASURER

For the Fiscal Year July 1, 1962 to June 30, 1963

SUMMARY

Cash on Hand July 1, 1962 (Treasurer's bank balance)		\$3,800 40
Received from Selectmen:

F. STATE AUDITORS' REPORT

REPORT OF AN EXAMINATION AND AUDIT OF THE ACCOUNTS OF THE PETERBOROUGH SCHOOL DISTRICT for the fiscal year ended June 30, 1963 made by the Division of Municipal Accounting State Tax Commission, July 30 and 31, 1963.

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

SUMMARY OF FINDINGS AND RECOMMENDATIONS

August 8, 1963

The School Board
Peterborough School District
Peterborough, New Hampshire

Gentlemen:

Submitted herewith is the report of an examination and audit of the accounts of the Peterborough School District for the fiscal year ended June 30, 1963, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1962 and June 30, 1963, are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$16,424.72 during the fiscal year ended June 30, 1963.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change as indicated therein.

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1963, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a net overdraft of Appropriations of \$10,382.91, less a revenue surplus of \$8,741.72, resulted in a net budget deficit of \$1,641.19.

Summary Statement of Receipts and Expenditures: (Exhibit E-1):

A summary statement of receipts and expenditures for the fiscal year ended June 30, 1963, made up in accordance with the uniform classification of accounts, is included in Exhibit E-1. Proof of the Treasurer's balance as of June 30, 1963, is indicated in Exhibit E-2.

Statement of School Lunch Account: (Exhibit F)

A statement of the School Lunch Account for the fiscal year is contained in Exhibit F.

Statement of Bonded Debt: (Exhibit G)

A statement of the outstanding bonded indebtedness of the School District as of June 30, 1963, showing annual debt service requirements, is contained in Exhibit G.

Statement of School Tax Account: (Exhibit H)

Exhibit H presents a statement of the School Tax Account with the Town of Peterborough. As indicated therein, as of June 30, 1963, the School District had received from the Town, the total amount of the 1962-63 School Tax, less deficiency appropriation of \$4,788.98 for 1961-62, received in year ended June 30, 1962, plus an advance payment of \$35,000.00 account of 1963-64 School Tax.

GENERAL COMMENTS

Current Surplus or (Deficit):

It is noted that the current financial condition of the School District changed from a current surplus (excess of total assets over current liabilities) of \$1,683.69, to a current deficit (excess of current liabilities over total assets) of \$1,891.59, during the fiscal year ended June 30, 1963, as shown herewith:

	June 30, 1962	June 30, 1963
Total Assets	\$4,842 85	\$33,964 21
Current Liabilities	3,159 16	35,855 80
Current Surplus or (Deficit)	<u>\$1,683 69</u>	<u>(\$1,891 59)</u>

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Peterborough School District for their assistance during the course of the audit.

Yours very truly,
HAROLD G. FOWLER, Director
 Division of Municipal Accounting
 State Tax Commission

O. Maurice Oleson, Auditor
Laurence M. Bean, Accountant

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Peterborough School District for the fiscal year ended June 30, 1963. In our opinion, the Exhibits presented herewith reflect the true financial condition of the School District on June 30, 1963, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,
HAROLD G. FOWLER, Director
Division of Municipal Accounting
State Tax Commission

O. Maurice Oleson, Auditor
Laurence M. Bean, Accountant

PART VI. AUXILIARY ACTIVITIES AND SPECIAL REPORTS

A. HEALTH

Good health is a state of physical, mental, social and emotional well being. With this definition as a guide a new program was started in the seventh and eighth grades at the beginning of the 1963-64 school year. Each student attends one health class a week with the school nurse as leader. In addition to a better understanding of the care and functions of the human body, such units as *The Person You Are*, *The Friends You Make*, *The Family You Belong To* and *The Town You Live In* are opened up for student participation and discussion. It is hoped that such classes will enable the student to have a better insight to this "growing-up" periods learn some of the reasons behind their behavior, and help them toward a good adjustment to adulthood.

Health Appraisals

This year, for the first time, a choice was given to parents of children scheduled to have health appraisals. Twenty-five percent chose to have the examination done by their own physicians, who subsequently sent reports for our health records. This is encouraging for four reasons:

1. The school physician had more time to spend on the other four hundred fifty children he examined and on those who had special health problems.
2. It is considered good health education for the children.
3. A family physician is in a position to have a better knowledge of the child's health history.
4. A more complete examination, with necessary tests, is possible in the physician's office.

Blood pressure readings are now part of the examination of all athletes.

Testing Programs

Vision—Vision screening was done on a school wide basis—947 in number. 102 students were referred to their own eye specialists. The Peterborough Lions' Club continued to be generous in cases of financial need.

Hearing—958 pure tone audiometric tests were given, resulting in 23 referrals to ear specialists. During the 1963-64 school year grades 1-4-8 & 12 will again be tested, as well as new students, any who had hearing difficulty last year, any the teachers wish to refer, children with speech difficulties and those in the remedial reading classes.

Tuberculin—The Heaf Tuberculin Test was used for the second year. 241 pupils in grades 1-4-8 & 12 and 25 members of the school personnel were tested. 11 students and 6 adults reacted positively and were x-ray'd later. This program was conducted with the co-operation and assistance of Miss Nel Getchel, Public Health Nurse, N. H. State Dept. of Health.

Chest X-Ray Clinic—The yearly visit of the portable x-ray unit from the N. H. Tuberculosis and Health Association was in the late spring. 32 adults and 8 children were x-rayed. Among them were the positive reactors found as a result of this year's testing and the members of their families. 24 persons had negative reports, 16 showed evidence of healed tuberculous lesions and one person from a neighboring town was referred to her physician for further study. No active tuberculosis was found.

Dental Program

\$140.00 was provided for the school dental program by the local Parent-Teachers' Association. Matching funds were added by the Dental Hygiene Div., N. H. State Dept. of Health. 8 clinics were held with an average of eight children treated by Dr. Robert Duhaime at each clinic.

Dental caries is the most prevalent of all health problems found among school children, not in our town alone, but nationally. For the first time for several years there is an increase in the number of children under private dental care.

Immunization Clinics

1963-64 is not expected to be a "flu" year. Therefore, Dr. Mason, School Physician, felt that Influenza vaccine should be offered only to those of the school personnel who have been immunized in previous years. (one booster dose)

Sabin Oral Polio Vaccine—During the period between April and June all three types of Sabin Vaccine were offered to school children and personnel. Approximately 99.5% of the children not already immunized through the offices of their physicians took advantage of this program. The vaccine was provided by the State Dept. of Health. 2084 doses were given.

Home Visits—Much can be accomplished by a telephone call, but it is a poor substitute for a conference with parents in their own home. 87 visits were made during 1963 for the purpose of discussing the health needs of children with the following objective in view:—"a healthy child, able to achieve learning at his optimal ability."

Many individuals and agencies, within and outside of the school, contribute to our health program. Please accept this word of appreciation. We would say a special word to Dr. Mason for his kindly leadership, and to the Parent-Teachers' Association and those in the community who have made our Health Fund possible. In addition to the support of the dental program this fund enables us to provide needed aids to the health of some of our children quickly and quietly, with due regard for the dignity of the recipient.

Respectfully submitted,

DORIS L. WIKLUND

School Nurse-Teacher

PETERBOROUGH HYMN

A. D. 1620

God our Father!
 Glory Lord, to Thee!
Before whose voice
 Is mute the thund'ring sea!
Through wind and foam
 Thou lead'st us home—
To Thee be glory through eternity.

Lord, hunger and cold are nigh!
Lord, not for ourselves we cry—
Let not our children die!
Silence your loud alarms
God is our Shield from harms—
He will make strong our arms.
Christ, who hath calmed the wave,
Christ will uphold the brave.
Christ, our Saviour!
 Father of our Faith!
To Thee we bring faint hearts and failing breath,
 Be Thou our Guide!
 With Thee we bide,
To love, to labor, and to hope till death!

Accepted as a gift from Mrs. Edward MacDowell at the Town
Meeting of 1928

Music: "A. D. 1620" from *Sea Pieces* by MacDowell, 1898

Words: Written for the Peterborough Pageant of 1910 by
Hermann Hagedorn
